### SPECIAL CIRCUMSTANCES FORM 2024-2025

A **Special Condition** refers to specific circumstances that would allow an adjustment to be made to a Student Aid Report and recalculate financial aid. Parent refusal to provide support and unusual consumer debt are not special conditions.

A person is considered a **Dislocated Worker** if he/she:

- Ø is receiving unemployment benefits due to being laid off or losing a job and is unlikely to return to a previous occupation;
- Ø has been laid off or received a lay-off notice from a job;
- Ø was self-employed but is now unemployed due to economic conditions or natural disaster; or
- Ø is a displaced homemaker. A displaced homemaker is generally a person who previously provided unpaid services to the family, is no longer supported by the husband or wife, is unemployed or underemployed and is having trouble finding or upgrading employment

**Special Condition/Dislocated Worker requests will be reviewed after July 1 each year.**
