Agenda Topic	Advisors Report
Action Taken	Agenda item: Budget for Fallon's Easter celebration. (Desirae)
Summary of Discussion	
Assignments/Potential Agenda Items	
Comments/Information	Information and Discussion: Heather " We are Western (Scholarship event) on Friday the 13th needs volunteers. ASWN is willing to volunteer and the school's mascot. The attire is western-like (Boots, jeans, flannels, bandanas, etc.). " Heather apologizes for not adding the Fallon Saint Patrick's Day celebration to today's (3/10/20) agenda. - Desirae clarifies that the event has been canceled due to spring break and no students will be on campus. However, they will host an Easter Day Celebration and wish that budget to be added to next week's 3/24/20 meeting. " Jennifer S. will make an attendance sheet to keep track of who's absent. " Agenda item for next meeting: $1,000 request to sponsor a workshop from Jennifer Verive. " ASWN members want Jennifer Verive to come into our next meeting and talk more about the details of this workshop. | Question from Donnell : are we under pressure to bring guest speakers? - Response from Heather: - "You are not under pressure to bring guest speakers, it is just something that is expected from ASWN..." like the workshop, ASWN doesn't need to approve it, but it will be convenient. " ASWN wants to have more guest speakers and workshops at WNC. " Jennifer Verive believes EPY 150 is a class that everyone can benefit from. " The workshop consists of a process from EPY 150 & CEP 101 classes. | Bradford: - It is not necessary, but it is an excellent opportunity. - Asks if the amount ($1,000) to sponsor this workshop can be altered on the spot by ASWN during the meeting. - Heather responds: "You can..."

	Heather responds: "That's exactly what needs to be happening whenever we do some of these things on campus.", "So when we talked about fees in the beginning of the Fall semester, we had an open forum that we asked students to come into and we actually had some students come. The problem is that we only had a few students come. We have a headcount of 3,800 students and when you have five students come to an event to give you input, that's not even measurable on what the percentage is of how people feel on campus." "I think that's a great idea, you guys just really have to figure out when that will be…" Jeff Down was kind enough to give us till April 7th to the 14th to go out and talk to students. Gabrielle: " We will come up with a schedule, day and time to organize when we will sit at those tables and we will come up with a rubric of what's going to be happening or how we are going to go about tabling on campus. I think we need to have a more in-depth conversation." Heather: "We have a whole policy in tabling and how we are supposed to do it. If you guys have a town hall, I cannot stress this enough. The biggest factor whether it's going to be successful is how you advertise it…" - Heather wants to continue working to train ASWN. - Dr. Solis has been anxiously wanting to come into one of our meetings. Now that ASWN is pretty much complete, we will ask Dr. Solis to come and join us.
